Republican Candidates Generally Elected in Three of the Wards.

Citizens' Candidates Elected in the Second Ward.

Result of the Election in Colorado City and Manitou.

[illegible]

Stock Market.

NEW YORK, April 2. The stock market today was dull but somewhat more active [illegible] throughout the day, almost everything tracked in heavily fractionally higher at the end of the day. The close was fairly active and strong at about the best prices of the day.

[illegible]

Klein at Washington.

WASHINGTON, April 2. John C. Klein, late correspondent at Samoa, visited Washington twice last week having been summoned by the senate committee for the purpose of testifying in relation to the outrages committed by the Germans while he was there. He also explained his connection with the events leading up to the battle of Gogali. His testimony completely refuted the charges made by the Germans against him of having fired upon their sailors and having ordered the soldiers of Mataafa to do so. Affidavits of Klein and three of Mataafa's soldiers who were with him at the battle made before United States Vice Consul Blacklock at Apia will be taken to Berlin by the commissioners appointed by the United States. Klein had three private interviews with Blaine. The correspondent will not go to Berlin at least for the present.

Relief for the Ship American.

WASHINGTON, April 2.—The department of state has been informed by the United States secretary of legation at St. Petersburg that he has already requested the Russian government to investigate the case of Kempinski, said to be a naturalized American citizen who was exiled to Siberia by the Russian authorities upon his return to Russia. It has been reported to the department that Kempinski was 18 or 19 years of age when he left Russia for the United States. While the department will investigate the case thoroughly, there is said to be need for caution for with this statement of the case it may appear that Kempinski was eligible for military service and that his emigration to the United States was nothing less than military desertion.

Brutality at Sea.

NEW YORK, April 2.—Six sailors, in charge of a detective appeared before United States Commissioner Shields today and charged Captain Hackster and Mates Beveridge and Campbell of the bark St. Andrew with murdering one of the crew named Elias Nelson a Norwegian. The men said they left Lisbon February 17th and shortly after that the captain and the two mates began to treat Nelson most brutally. They beat him with marlin spikes and knocked him down with blocks of wood. He died March 2nd, and was buried at sea by the other sailors on the vessel.

Died to Death.

CHICAGO, April 2.—During a family row which occurred this morning in the town of Lake Charles Hutchinson, an employe in the stock yards, got into a fight with Patrick Reynolds, his brother-in-law. The latter struck Hutchinson with a water pitcher with so much force that the handle was detached. Striking him again with the jagged handle one of the edges severed his jugular vein and Hutchinson fell to the floor and died [illegible].

Preparing Fast Sea.

WASHINGTON, April 2.—Orders have been given by the navy department for extra hours of work in preparing the Adams, Iroquois and Pensacola for sea. The Iroquois is at Mare Island, California and can be made ready in six weeks. The Pensacola is at Norfolk and one month's work will make her ready. The department has not yet decided where the vessels will be sent but they will be available for service in Samoa if there should be a necessity for their presence.

Confirmations.

WASHINGTON, April 2.—The senate in executive session confirmed all the nominations of delegates to the American conference.

William F. Wharton, as assistant secretary of state.

L. Bradford Prince as governor of New Mexico.

Geo. H. Shields of Missouri, assistant attorney general.

Robert J. Fuller, Illinois, assistant commissioner of patents.

Sympathy from England.

WASHINGTON, April 2.—Secretary Tracy has received from the admiral in chief of the British navy the following cable gram:

LONDON, April 2, 1889.

To the Secretary of the American Navy:

Allow me to express the heartfelt sympathy and regret I myself and my brother officers feel in the loss suffered by the American navy at Samoa.

(Signed) CHAS. HEARSWORD.

Trinidad Election.

TRINIDAD, Colo., April 2.—The citizens' ticket was elected over the straight republican ticket by a majority of two hundred and forty for mayor and one hundred and sixty six for treasurer.

[illegible]

Executive Session.

WASHINGTON, April 2.—In executive session to day there was a renewal of objection to the personnel of the delegation to the congress of American nations, but it waged nothing. Senator Beck characterized the democratic members as young men who were not recognized as belonging to the party, and he did not think it fair to have them pose before the country as representatives of the democratic party, however they were all confirmed. A motion was made to reconsider the vote by which the nomination of Andrew Carnegie was confirmed, but only six or eight senators voted for it.

In the course of the session efforts were made to achieve the injunction of secrecy from the votes on the nominations to confirm the nominations of Whitelaw Reid to be minister to France and Murat Halstead to be minister to Germany but they were unsuccessful.

The calendar of nominations was almost entirely cleared. The nomination of Kinkead to be United States Marshal for the Eastern district of Louisiana and of Whiteman to be associate justice of the United States circuit in New Mexico were the most prominent among those which [illegible] confirmation.

German Vessels at

WASHINGTON, April 2.—The German vessels Sperber and Alexandrine which are now on their way to Samoa to replace the wrecked vessels are not very formidable ships but at long range fighting would have a decided advantage over American vessels owing to their superior armament and speed. The corvette Alexandrine is a wooden and steel vessel of 2,354 tons burden, she is of 14 knots speed. Her battery is made up of twelve 15 inch four ton breech loading rifled [illegible] guns, four revolving cannon and two torpedo tubes. Neither of the vessels is armored but it will be noticed that their speed is about 50 per cent greater than the American vessels ordered to Samoa and the region of greater range.

Election in Kansas.

KANSAS CITY, April 2.—To day's election in Kansas was unique from the great number of women voting. At Ft. Scott, Wichita, Topeka, Leavenworth and Atchison and Valley Falls, Oskaloosa and Newton they take tickets in the field that stood a chance of election. At Topeka and Leavenworth the majority of the ladies have supported the republican tickets while at Lawrence and Atchison they supported the democratic ticket. As voted the ladies to day so goes the vote. It will be [illegible] the result of the election is uncertain.

Blizzards in the Pacific.

AUCKLAND, April 2.—The recent hurricane in the South Pacific ocean swept over 1,500 miles of sea, embracing the Samoan group of islands. The American ship Hesperus from New South Wales for San Francisco was driven ashore at Rarotonga and wrecked. The crew was saved. The American ship Ada Owen was wrecked at Quiros and the crew was saved. The wreckage from the British ship Jackson, from New South Wales for San Francisco was seen 50 miles [illegible] and it is feared that the crew perished.

Senatorial Junket.

WASHINGTON, April 2.—The special senate committee on relations with Canada is agreed with the duty of making an investigation of the commercial features of the subject will meet in Chicago for this purpose May 3rd and will take a trip probably over the Northern and Canadian Pacific railroads. The members of the committee are Hoar, Allison, Hale, Dolph, Pugh, Butler and Vest.

Mrs. Beecher on Trial.

BUFFALO, N.Y., April 2.—The case against Elizabeth Beecher charged with the murder of Henry W. King jr., in the city of Cleveland, was called today. A large crowd, some of them women, a number of ladies were in the place. The day was consumed in the efforts to secure a jury which was accomplished this afternoon when the court adjourned.

A Big Task.

WASHINGTON, April 2.—The change in the offices of treasurer and assistant treasurer at New York will necessitate a count of all the moneys and securities in both offices. This work is one of great magnitude and will take at least four weeks to accomplish.

REAL ESTATE!

BEWARE!

Don't Go Three Miles Out in the Country for Lots, when you can get them for the Same Money in

PARRISH'S ADDITION!

Only 3 Blocks from Cascade Avenue!

Only 3 Blocks from The Antlers Hotel!

Only 4½ Blocks from Post Office!

THE STREETS IN PARRISH'S ADDITION

Are 100 to 140 feet in width. THE ALLEYS are all 20 feet wide. There are no 60 or 80 feet streets, and narrow, 10-feet alleys, such as are found in other loudly advertised "Additions," with high sounding titles, where you pay high prices for lots, without duly considering that you are throwing away your money.

In the Alley Behind Every Lot in Parrish's Addition

There is a 3-inch Water Pipe, connected at Chestnut street with a 16-inch main; the largest in the City's System. THE MAIN CITY DITCH, taking pure, clear water from the Fountain, runs just back of PARRISH'S ADDITION, and within a stone's throw of it.

YOU ARE SURE TO GET WATER

(Both from Pipes and Ditch) in PARRISH'S ADDITION if there is any water in the Fountain, even if other parts of the City are suffering from scarcity of the precious fluid.

REMEMBER THE FOREGOING, and then, when I tell you I will sell you a First-Class

LOT IN PARRISH'S ADDITION FOR $350

To $1,000 a full size lot 50 by 190 feet. Do not hesitate a moment about buying. You can buy two lots on a corner, and build pretty little cottages across them, giving each cottage a neat, pretty little yard, and readily rent them, owing to the location, etc.

To Pay You 25 to 35 Per Cent Per Annum on the Entire Investment.

WHERE CAN YOU DO THIS ELSEWHERE?

THE STREET CAR LINE RUNS THROUGH PARRISH'S ADDITION, from East to West, and will doubtless soon be extended to the North, past the "Mesa Road," up to THE ROCK ISLAND SHOPS. *Lots are sold on Terms to Suit Buyers, if possible.*

I AM ALSO SELLING

LOTS IN CALVERT HEIGHTS!

On Easy Terms, at from $300 to $400. They Stand in the same relation to

COLORADO CITY,

As do the Addition Lots to Colorado Springs, and

I CAN RECOMMEND THEM AS AN INVESTMENT!

SURE TO PAY A BIG PROFIT

DURING THE COMING YEAR.

CALVERT HEIGHTS!

Is surrounded by growing and progressive enterprises. THE MIDLAND SHOPS lie at its Northeast corner. Colorado City proper is North and Northeast of it. Bott's Additions join it on the North and Northwest. Colorado Springs itself is in full view, only two miles to the Southeast, and last though not least important,

The Great Glass Manufacturing Works

Are to be erected (at once) just south of CALVERT HEIGHTS. I have arranged to have every lot supplied with PURE WATER IN PIPES.

THE LOCATION IS SUPERB!

THE SURROUNDING VIEWS ARE MAGNIFICENT!

Last year I recommended you to buy lots in Parrish's Addition, and they have paid a better Profit than any other lots on the market. This year I urge you to add to YOUR INVESTMENT AS MANY LOTS IN CALVERT HEIGHTS as you can afford to buy, with the result that, before the year is out, *you will again be glad that you have taken my advice.*

CALL EARLY! BUY SOON!

There are not very many lots altogether, and those who apply late may find them all gone, and will have *to Pay an Advance.*

JOB WORK

Facilities for Plain and Fancy Job Printing

The city is to be congratulated on the pleasant schools which have been used during the campaign and the election

The election of Mr. George W. Thomas to the office of mayor was expected the only element of weakness in his canvass being the fact that he was an untried man He is a clean man and was nominated and elected by honest methods He will enter upon his duties as chief executive officer of the city with the best wishes of the citizens without regard to party for the success of his administration

Postmaster General Wanamaker has begun the reorganization of the post office department on the same plan as he has organized his great private enterprises Business methods are to be the rule throughout the department The mail service has been badly disorganized for some years and the people of the country have suffered much in consequence Mr Wanamaker has been in a business like way organizing the entire department and while the work has only just begun he is at the office of his first month in office, surrounded by a corps of able and efficient heads of division This is the most important part of the work. With these heads of divisions the success of the administration must largely rest. In each case they have been chosen with the greatest care and each seems peculiarly fitted and qualified for the work to which he is assigned. The three assistant postmaster generals are particularly wise choices Mr. Clarkson the first named is an old hand in the work of the department but he is a man of well tried judgment and ability. A large share of the administration work will be made by him and his wide acquaintance will be invaluable to him in this work. The second named, Mr. Whitfield, has had years of experience in the mail service and General Hazen the third is a man fitted for a post which he ably filled for ten years. The other important appointments which have been made are all in every case equally good. Especial attention has been given to the railway mail service and the superintendents of divisions which have thus far been chosen are men who have been connected with that branch of the service before and who bring to their work practical experience. With such an organization as this extended throughout the department, the public may confidently expect that the mail service will reach a degree of efficiency never before attained

Ex Congressman Watkins of Pennsylvania is sore as the president has "snubbed" him the latter refused to remove the postmaster at a town in the Keystone state simply to make room for a place hunter of his own party. The characterization is an apt one, for it means that President Harrison told Mr Watkins that the party pledges and the presidents own principles are to be kept despite the influence which may be brought to bear to have them broken. There is no claim made that the postmaster in question has been incompetent. As an official he has been, by the admission of his opponents, entirely satisfactory. The sole reasons given for his removal are that he voted for Cleveland and his place is desired by a man who votes the republican ticket Because Mr Harrison has refused to remove a faithful and competent public servant Mr Watkins says "there is another mugwump in the White house." This is the kind of mugwumpery which will be endorsed by every honest and patriotic citizen. Mr. Watkins was one of the orators who last fall asked the citizens of Pennsylvania to vote for the republican ticket on the merits of the party's platform. The ticket was elected on that platform The president has centered upon his work with a firm determination to redeem the pledges to which he owed his election But with Mr Watkins it seems this party platform with its solemn pledges was a mere vote catching arrangement of words It was intended for the sole purpose of securing the votes of [illegible] Interview with a reporter of a Pittsburg paper Mr Watkins boasts of his life long service in the republican ranks and of his devotion to the principles of the republican party. The claim that he is devoted to the principles of the party and his denunciation of the president for his determination to stand by the pledges of the party do not go well together This boasted devotion would be better shown by an honest endeavor on the part of Mr Watkins to assist instead of trying to hinder the president in his task of giving to the country an honest and faithful administration of its affairs

Leadville Returns.

LEADVILLE, Colo., April 2.—The results of the municipal election here to day, the democrats electing their mayor by two hundred and forty-seven majority and secure the control of the council The republicans had a solemn organization, all the vehicles in the city [illegible] and spent considerable money without avail. The news of the failure of the railway legislation and the treasury bill disgusted and dispirited the body of republican workers causing many of them to vote the democratic ticket and others to remain away from the polls.

Denver Election.

DENVER, April 2.—The municipal election passed off quietly. The contest was between a fusion ticket put up by the democrats and the citizens party and the straight republican ticket. Up to a late hour sufficient return are not in to give figures, but the indications are that Wolfe the fusion candidate for mayor and the remainder of the republican ticket have been elected by a majority ranging from one thousand to fifteen hundred.

Pueblo Election.

PUEBLO, April 2.—The election in Pueblo to day was a surprise party all around. There is a tie between W. H. Hyde, republican, and A. A. Thomas, democrat, for mayor and the democrats elect their treasurer by 640 votes. The democrats elect six aldermen and the republicans one.

The election [illegible] quietly. Two hundred and twenty-four votes were cast. At [illegible] hour the results had not all been counted, but Mayor Blount and Dr. Dye were about even for mayor and [illegible] that Leddy, Creigh, Fox, Sackey, Nichols, Frazell and Miller are elected aldermen and Greene treasurer.

"The Two Orphans" will be the attraction at the Opera House on Monday evening. The New York Herald in speaking of the play says: "An surly once that packed Tony Pastor's theatre to its doors last night laughed itself into a much state of perspiration over the fun and whimsicalities of 'The Corner Grocery.' The play is essentially farcical in its nature, but its absurdities are so mirth provoking and its action is so rapid, that criticism is swept away by the tide across Gotham's merriment, and yields to the unflagging jollity of the performance. With few exceptions the roles are all character parts, and the entire company acquitted themselves satisfactorily."

A Popular Superstition.

From Notes and Queries.

Among beliefs current among sailors in our own country is the notion that it is unlucky to turn a loaf upside down after helping one self from it, the idea being that for every loaf so turned a ship will be wrecked. It is also said [illegible] which being cut it bodes dissention in the family—the separation of husband and wife. Again it has long been a wide spread belief that the whereabouts of a drowned body may be ascertained by floating a loaf down stream, when it will stop over the spot where the body is.

A curious account of a body thus recovered near Hull appeared some years back in the Gentleman's Magazine. After diligent search had been made in the river for the child, to no purpose, a two penny loaf with a quantity of quicksilver put in it was set floating from the place where the child was supposed to have fallen in, which steered its way down river upward of half a mile, when the body happened to be on the contrary side of the river, the loaf suddenly stuck, stood about and swam across the river and gradually sank near the child, when both the child and the loaf were brought up with the grapplers ready for the purpose.

A correspondent of Notes and Queries mentions that it is a curious fact that a loaf and a quinkaker indicates the position of the body, as the weighted loaf is carried by the current just as the body is. This practice also prevails on the Continent, and in Germany the name of the floating loaf is [illegible] in France loaves consecrated to St. Nicholas with lighted wax tapers in them, have generally been employed for that [illegible]

The boys of the Deaf Mute institute on Saturday defeated the College ball club by a score of 32 to 29. The game was played on the institute grounds.

In the district court yesterday morning the grand jury returned a true bill against Andrew Larsen for grand larceny. He withdrew his plea of not guilty and entered one of guilty.

The board of trustees of the Deaf Mute institute will be in session on Thursday next, when it is thought the plans for the new building will be ready and preparations for active work begun.

The Santa Fe will sell tickets on April 8th to those wishing to attend the laying of the corner stone of the new Masonic temple at Denver for one fare for the round trip. Tickets good until and including April 11th.

There will be a meeting of the Colorado division of the League of American Wheelmen, at the rooms of the Social Wheel club, Denver, on Thursday evening, April 4th, for the purpose of nominating officers for the ensuing year, and for transacting business for the good of the division. A full attendance is requested.

The ball game to day at the Athletic grounds between the Springs club and the Pueblo ponies should be largely attended. The Springs boys are now playing good ball and beat the ponies the last game played between them.
